HORNET PRIDE

On April 6, 2022 author Carin Thoms visited Wauzeka Steuben School!

Meet Carin Thoms

Carin grew up on a farm with her three younger sisters. They spent summer vacations fishing with their grandparents and cousins in central Wisconsin. Carin wrote this book based on those memories after trying and failing to find books for her young nieces about girls fishing. She hopes to inspire girls of all ages to fish and have fun outdoors.

Carin's background is in higher education and communications, and she also works very part-time as a Certified Nursing Assistant in a senior care facility. With her soft spot for the elderly she tries to volunteer as often as possible. Being that Carin is also a combat veteran, one of her best memories is traveling as a companion with a World War II veteran as part of the Stars and Stripes Honor Flight to Washington D.C.

Carin spends her free time outdoors with her husband, Aaron. You can often find her biking or fishing while trying to avoid getting dirt and worm guts all over the boat. Carin's future plans include a business centered on boating and fishing that encourages families to enjoy the outdoors.

About *Sara Goes Fishing*

A few years ago, Carin and her husband were searching for books for their young nieces. They prefer to give gifts of books and money towards "future" funds for holidays and birthdays. They were looking forward to getting their nieces excited about fishing and thought books with girls as the main character would be a good fit. After failing to find what she had in mind, she sat down and wrote her own.

Sara Goes Fishing is a sweet story about two young girls going fishing with their grandpa. Sara doesn't like slimy, wiggly worms. She doesn't like long drives to the lake or sitting still and waiting for her bobber to go down. But with some help from Grandpa and her big sister Molly, and with some bravery and patience, Sara might just learn how fun fishing really is.

Carin hopes to not only normalize the image of girls fishing as well as inspire children of all ages to fish and have fun outdoors, but to also encourage intergenerational relationships.

EGG HUNT FUN!

As part of our Social Studies mapping unit, the 5th Grade class planned an Egg Hunt for the Kindergarten class. The 5th graders had to plan a safe indoor and outdoor area to have the egg hunt because we can never predict what the weather may be like. They then had to map out the areas and decide places to hide the eggs, along with keeping track of where the eggs were hidden in case some weren't found. They were also responsible for making the invitation for the Kindergarten class and planning what supplies were needed to put into the eggs. It was a great team effort and well worth the smiles from everyone!

THE SENIOR TRIP!

The seniors went to Florida for their class trip this year. The trip started at 1:00 AM on Saturday, March 19th and they came back home on Sunday, March 27th early afternoon. They drove all of 3,500 miles in total. They started the trip off in St.Louis, MO to see the Gateway Arch and to sight see in St.Louis. Their next stop was Graceland in Memphis, TN. On Sunday they started heading toward Birmingham, Al. where they went to Vulcan Park and Museum, then headed out to Gainesville, Fl. Monday morning they headed to Clearwater, Fl, where they spent the day swimming and laying on the beach. After the beach they headed to the hotel in Orlando, Cabana Bay Resort, that they stayed at for the next three nights. On Tuesday, they split and one half went to Magic Kingdom and the other half went to a basketball game. Wednesday they went to Universal Studios. Thursday they went to NASA and Cocoa Beach. Friday they started heading home and they stopped at Kingsley Plantation in Jacksonville, FL then went sightseeing in Savannah, GA. On Saturday they went to Rock City and went on a hike before returning home on Sunday. It was a very successful trip with many memories made and the students are so grateful for the opportunity to get to do something so awesome!

HEADING TO DC!

The Freshmen and Sophomore classes had the exciting opportunity to travel to Washington DC during the peak cherry blossom bloom from March 22-27. Along the way, students were able to experience great learning experiences at historical sites like Gettysburg and Mount Vernon; pay respect to important people at the various memorials in DC; and have fun at interactive museums and monuments at the national mall. If the educational experiences weren't enough, students also enjoyed breaks at the food trucks and the multi-level shopping center in Pentagon City. All in all, students were excited to try new things in the nation's capital, and they did a great job of representing the school and the community. Thank you to all the students, parents, and community members who made the trip possible!

SHOW YOUR MOM SOME LOVE!

Mother's Day is the perfect time to show your mother, or any female guardian, how much you truly love and appreciate them. Flowers, gifts and breakfast in bed are all common ways to surprise your mom. There are still other ways to celebrate as well, such as:

- Cleaning the house
- Having a special meal with other family members
- Planning a night out
- Scheduling her a mani-pedi (alone or with you)
- Make a scrapbook
- Watch her favorite movie
- Let her sleep in!

Filling the day with activities that she loves is a fail-proof way to make the day special for her. Although you should show love to your mother/guardian all of the time, May 8th is the time to be extra about it! Have fun, and try to make her smile as much as you can!
