*Director of Special
Education*
Ext. 280

Mrs. Tiffany Dums
District Principal
Ext. 211

Wauzeka-Steuben High School Parent/Guardian,

MS/HS students will again this year be provided the opportunity to utilize a District owned Chromebook to use each school day and at home. This digital tool will allow all students to interact and collaborate with others and create authentic products so that they are participating in activities that mirror the real world. It also allows for our teachers to help prepare your student to meet or exceed grade level standards and become college and career ready.

Your high school student will receive his/her Chromebook the first week of classes as long as this form is turned into the office, along with a signed student handbook. The most important responsibility for each student will be the care of his/her Chromebook. Each student is expected to bring his/her fully charged device in the case, to school daily, fully charged. In order for the Chromebook battery to last an entire school day, it is imperative for students to fully charge the device each evening at home. We recommend that each student bring headphones/earbuds daily to help utilize digital tools and resources as well.

Your child will be responsible for the care and safekeeping of the Chromebook. Any costs associated with the repair or replacement of the Chromebook will be the responsibility of the parent/guardian. The approximate replacement cost of a Chromebook is \$300.00. We have partnered with Technology Resource Advisors to provide an insurance policy that parents/guardians can purchase. You are strongly encouraged to purchase an insurance policy for each child's Chromebook. The cost of the optional insurance policy for the entire school year will be \$23.00. The insurance DOES NOT cover the cost of a lost Chromebook, charger, or case. You as the parent/guardian have the option to pay for the insurance on the Chromebook, or deny the insurance and agree to pay the full price of replacing the Chromebook if damage occurs.

Thank you for your support. Our District's continued success is due to parents, students, and staff working together to create a positive learning environment which will help prepare your student for the future. If you have questions regarding the insurance policy, or what is covered within this plan please call Derek Flansburgh at 608-875-5311 ext. 252.

Yes, I would like to sign _____ up for the Chromebook Insurance Plan. I have enclosed a check/cash for the \$23.00 for the 2023-24 School Year. This does not include the cost of a replacement charger or case.

No, I would not like to sign _____ up for the Chromebook Insurance Plan. I will assume all responsibility for the full cost of a replacement device possibly totaling \$300.00 if any damage is incurred to the Chromebook throughout the 2023-24 School Year. This does not include the cost of the replacement charger or case.
