

SCHOOL DISTRICT OF WAUZEKA-STEUBEN

INDEPENDENT STUDY

Situations may occur in which independent study is allowed for some students. Full credit will be allowed for independent classes. Students in independent classes will be expected to meet the same work standards as the class would have when regularly scheduled. A student will be allowed to schedule an independent class when the following criteria are met:

1. The process of setting up the independent class must go through the principal.
2. There must be a need for the class. Need shall be defined as the class is necessary:
 - a. for a senior student to meet graduation requirements
 - b. to meet minimum class load requirements either by type or number to be considered a full time student
 - c. for a senior student to meet college requirement
 - d. for career preparation by a senior student
 - e. to give a student a broader background in an area of academic strength
3. The class cannot be scheduled using the regular class offering schedule.
4. The instructor must be willing to work with the student on an individual basis. (Note: If all previously criteria are met, the instructor will receive additional compensation.)
5. The student's parent(s)/legal guardian(s) must give permission for the independent study.
