

SCHOOL DISTRICT OF WAUZEKA-STEUBEN

ADMISSION INTO FIRST GRADE

No child may be admitted to first grade unless s/he is six (6) years old on or before the first day of September in the year the child proposed to enter first grade and has completed the District's Five-Year-Old Kindergarten Program.

A child may also be admitted to first grade without having completed five-year-old kindergarten if s/he has met the conditions and standards for admission to first grade or exemption from kindergarten outlined by District Standards.

The building principal in charge of first grade and a first grade admissions team will determine whether or not a child meets guidelines for admissions for first grade. A child who has **not** completed the District five-year-old kindergarten program may be admitted to first grade if he/she meets any of the following requirements:

1. Standards for District admissions to first grade/exemptions from kindergarten:
 - a. Successful completion of a public school five-year-old program or a five-year-old program in a private school or licensed day care center that the district admissions team deems equivalent to the district offered five-year-old program. Documentation of program completion shall be required.
 - b. Upon District assessment, the child demonstrates academic and developmental readiness skills expected for successful participation in first grade, including the social, emotional, physical and mental maturity normally expected for successful participation in first grade.
 - c. Before either commencing or completing first grade, the child moved to Wisconsin from a state, country or territory in which completion of five-year-old Kindergarten is not a prerequisite to entering first grade.
 - d. Before either commencing or completing first grade, the child moved to Wisconsin from a state, country or territory in which completion of five-year-old Kindergarten is a prerequisite to entering first grade and the child was exempt from the requirement to complete five-year-old kindergarten in the state, country, territory from which the child moved.
2. Procedures:
 - a. Application shall be made by the parent(s)/legal guardian(s) to the district administrator.
 - b. A personal interview shall be held to determine the parent(s)/legal guardian(s)'s reasons for requesting entrance prior to the legal age.
 - c. An evaluation of the child's potential to benefit from early admission to school shall be required. A behavioral observation and academic screening will be completed by district personnel to assess: academic skills, emotional stability, social and mental maturity, and physical health. The

individual evaluation shall be conducted by a certified school psychologist in conjunction with other pupil service workers. The evaluation shall be at no cost to the parent(s)/legal guardian(s).

- d. After the evaluation has been completed, the results will be discussed between the staff involved in the evaluation and school administrators. At that time a decision will be made about whether early admission to first grade will be granted. A conference shall be held with the parent(s)/legal guardian(s), notifying them of the results of the evaluation and the subsequent decision.
3. Parent(s)/Legal guardian(s) who wish to appeal the decision may appeal directly to the Board of Education. The Board of Education of the School District of Wauzeka-Steuben has the final authority for deciding whether or not the child is to be admitted to first grade in accordance with the conditions and standards outlined in the above procedures.
