

SCHOOL DISTRICT OF WAUZEKA-STEUBEN

EMERGENCY PLANS

The School District of Wauzeke-Steuben Board of Education recognizes its responsibility to provide facilities, equipment, and training necessary to minimize the effects of emergency situations. Therefore, the Board directs the administration to develop school emergency plans which will serve as an educational tool and an emergency measure.

Emergency plans should be developed for evacuating the building during fire and other emergencies and for using the building for shelter in the safest manner possible during extremely inclement weather and civil disasters.

Drills shall be held to implement such plans to allow for order and efficiency in the event of a true emergency.
